Hey Anshita! I'm Dora — your learning explorer for Digital Marketing. I've mapped out your journey based on your profile. Ask me anything — adjust the roadmap, explore career paths, or dive deeper into any topic.

What are the top 3 free resources I should start with this week?

Great question! For your first week in Digital Marketing, here are my top picks:

1. Google Digital Garage — Free certification, takes ~40 hours total
2. HubSpot Academy Inbound — Free, covers content + SEO fundamentals
3. Neil Patel's YouTube channel — Start with his SEO beginner playlist

I'd start with Google Digital Garage today — it builds the strongest foundation for everything else.
